DETAILED ACTION

Claims 1-50 are pending in the application.

This Office Action is in response to the Amendment filed on 4/23/03.

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 4/23/03 has been entered.

Response to Amendment

The rejection of claims 1-30 under 35 U.S.C. 112 1st paragraph has been withdrawn in light of Applicants' amendment of the claims.

Claims 35-50 are rejected under 35 U.S.C. 112 2nd paragraph for reasons discussed below.

Claims 31-34 are objected to for reasons discussed below.

New Grounds of Rejection

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Art Unit: 1636

Claims 35-50 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding these claims, it is unclear how the transgenic see through medaka is produced. It is unclear which of the parent strain(s) carry the transgene. For example, claim 35 recites "a transgenic see through medaka produced by further selective mating between the see through medaka according to claim 31 and iridophore deficient mutant medaka strain il-1, wherein..." such recitation makes it confusing whether the medaka of claim 31 carries the transgene, or the il-1 carries the transgene, or both do. In addition, if both parents do not carry the transgene, then how is the transgene introduced to the transgenic see through medaka. Therefore, such recitation renders these claims indefinite.

Claim Objections

Claims 31-34 are objected to under 37 CFR 1.75 as being a substantial duplicate of claims 2, 3, 5 and 6. When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k).

Conclusion

Claims 1-30 are allowable.
